Eight Flowers to Empower Positive Purpose And Passion

Primary Indications:

- * Use at the outset of any new project or work endeavor to facilitate a “seedfire” of positive alchemical forces and new directions
- * When the soul’s ability for positive manifestation is routinely hampered by hesitation, apathy or procrastination
- * To catalyze the general expression of positive yang or masculine fire forces (for both men and women)
- * When needing to assume an affirmative leadership role in family, community or work situations, especially if there is doubt or hesitation about such a role
- * To help sustain or renew one’s energetic commitment to a project or task, when beset by delays, obstacles or opposition

Positive qualities: Positive activation of the will to accomplish one’s goals and complete projects; affirmative leadership; sustained energy and enthusiasm that fires the will; healthy expression of strong masculine “yang” energy in both men and women

Patterns of imbalance: Hesitation, procrastination, apathy; inability to engage the will to manifest one’s goals, poor leadership skills, flagging energy or distraction, difficulty completing projects
